

Steve Kargas, M.D., Ph.D.

Medical Director, Surgical Pathology

Dr. Steve Kargas joined CSI Laboratories in 2009 and serves as the Medical Director of CSI Laboratories' Surgical Pathology service. For over ten years, Dr. Kargas has provided solid-tumor consultation services to clients throughout the nation. He has extensive experience in immunohistochemical analysis of solid tumor malignancies, and he frequently presents at medical conferences.

Prior to joining CSI Laboratories, Dr. Kargas served as a surgical pathologist with a national cancer reference laboratory in Los Angeles. He earned his Ph.D. degree in pathology and M.D. degree from the University of Wisconsin-Madison, and he completed his M.B.A. degree at Pepperdine University.

Dr. Kargas completed his residency training in anatomic pathology at Stanford University and in clinical pathology at Cedars-Sinai Medical Center. He completed fellowships in renal pathology from Cedars-Sinai Medical Center in Los Angeles, California, and in surgical pathology from the City of Hope Medical Center in Duarte, California.

- Surgical Pathology Fellowship at City of Hope Medical Center, Duarte, California
- Chief Resident at Stanford University Hospital
- American Board Certified in Anatomic and Clinical Pathology
- Renal Pathology Fellowship at Cedars-Sinai Medical Center, Los Angeles, California
